

Alyse Golden Berkley Introduction

Ladies and gentlemen, it's now my privilege to introduce you to a woman who is dedicated to building Israel..

She is a **respected attorney**, founding her own firm in 1982; a leading member of the Los Angeles legal community, working with several local non-profit organizations;

She is an **invaluable asset** for the Jewish community, serving as a leader for a range of organizations, including Jewish National Fund-USA, Israel Bonds of Los Angeles, AIPAC, and Valley Beth Shalom Synagogue;

And she is a **lifelong Zionist**, who has traveled to Israel frequently since 1970, spending a year at the Hebrew University for her junior year, and then back again in 1978 for a summer program at the Hebrew University Law School;

She has served as Vice-Chair of the JNF-USA's National Sapphire Society, she is a member of Makor, now serving as its Vice-Chair, and served as Board President for Greater Los Angeles. She is now President Emeritus of JNF-USA Greater Los Angeles, and serves as an Advisor to the President on the National Board; clearly, she is at the heart of JNF-USA's efforts to secure Israel's financial future.
