

Avner Even-Zohar Introduction

Ladies and Gentlemen,

Now it's my privilege to introduce you to a world-class educator who captivates groups, big and small around the world...

He is an enthusiastic and thought-provoking orator, who has completed several national speaking tours for Jewish National Fund, facilitating discussions about human rights and the human spirit as they relate to the Middle East...

He is a charismatic leader, who inspires and energizes students daily as Professor for Israel and Hebrew Studies at the Military Academy in Monterey, California.

And he is a decorated IDF officer, who twice earned recognition for highest excellence in the Israeli army, before serving as an education officer on chief-of-staff's Inspection team for Israel's Army, Navy, and Air Force and is the recipient of the Achievement Medal For Civilian Service of the US Dept. of Defense for educating hundreds of US Army, Air Force, Navy & Marine Corps service members on the Holocaust, diversity, human rights & democracy.
