

## Benjamin Anthony Introduction

Ladies and gentlemen, it is now my privilege to introduce you to a man determined to spread the truth about the Israeli Defense Forces...

He is a passionate activist, who saw the gap between public understanding of IDF actions and what really happens on the front lines of battle, and founded Our Soldiers Speak, a nonprofit organization that brings the proud truth of the IDF to campuses and communities across the English-speaking world...

He is a passionate defender of Israel, who made aliyah after graduating college in the UK, joined the IDF, and served as a heavy machine gunner...

And he is an experienced advocate, who speaks annually on Capitol Hill, arranges briefings by senior IDF officers for members of the U.S. Congress and their staffers, and has traveled to over 380 university campuses around the world to talk about the challenges Israel faces in the realm of public opinion.

Ladies and gentleman, please welcome the founder and director of Our Soldiers Speak, Sergeant Benjamin Anthony.
