

David Rosner Introduction

Ladies and gentlemen, it is my pleasure you to introduce a man who is a force of nature in all things he does...

He is a dedicated public servant, who served in the Marine Corps for 26 years, and who is a veteran of two wars...

He is a savvy media entrepreneur, who is the founder and president of Nudnick Productions, who is producing and starring in the feature film Bert's Plan, and who regularly provides political and military insights on the Fox News and Fox Business channels...

And he is a creative innovator, who during his time as an undergraduate student at the University of New Mexico invented, raised capital for, and marketed a lifesaving medical device.

Ladies and gentlemen, please welcome a true renaissance man, David Rosner.
