

Gaylee Schif Introduction

Ladies and gentlemen, it is now my privilege to introduce you to a woman with a deep commitment to creating an inclusive Israeli society...

She is a passionate advocate, who was inspired to pursue work in disability inclusion by being the mother of a child who struggled with disabilities early in life, and who is the JNF liaison for LOTEM - Making Nature Accessible, which empowers children and adults with special needs across Israel through educational activities in nature and the outdoors...

She is a versatile professional, who has a BA in political science and journalism and a master's degree in internal auditing, and who has extensive experience as a local newspaper editor as well as an auditor of government authorities and private companies...

And she is a woman of vision, who works tirelessly to integrate children with special needs into Israeli society and sees supreme value in advancing that mission of inclusion...

Ladies and gentlemen, please welcome a woman who is staunchly dedicated to effecting positive social change, Gaylee Schif.
