

Izzy Ezagui Introduction

Ladies and gentlemen, it's now my privilege to introduce you a truly inspiring leader and role model...

He is a proud defender of Israel, who chose to join the IDF as a combat soldier soon after making Aliyah with his family in 2007...

He is a brave and tenacious soldier, who lost his dominant arm from a direct mortar hit during the 2008 Gaza war, and still fought against all odds to return to his service on the battlefield—a feat no other soldier in the world has accomplished...

And he is a moving public speaker, who has inspired people around the world, and has spread his message on a range of international news outlets.

Ladies and gentlemen, please welcome IDF squad commander Izzy Ezagui!
