

Mayor Alon Davidi

Ladies and Gentlemen,

Now it's my privilege to introduce you to a brave and inspiring leader...

He is a man of courage, who helped transition Sderot from a development town into a city...

He is a dedicated public servant, who set up the Sderot Defense Council, which has lobbied for much-needed funding on behalf of the area's residents...

And he is a guardian of his community, who partnered with Jewish National Fund to build a 21,000 square-foot secure indoor playground and community center to support the women, and children, and men enduring continual rocket attacks, helping to bring them a sense of normalcy and peace of mind.

Ladies and Gentlemen, please welcome the Mayor of Sderot, Alon Davidi.
