

## Mitzi Kaitz Introduction

Ladies and Gentlemen, it is a pleasure to introduce you to a woman driven by creativity and community...

She is a passionate entrepreneur, who owned a gourmet food shop; who sold custom clothing to professional athletes, news anchors, and top executives; who opened a restaurant; and who was a wine-maker in Sonoma, California...

She is a passionate philanthropist, who was Vice President of Boston Aid to the Blind; and who was active in New England Village, which provides housing and services for people with disabilities...

And she is a community leader, who serves on the board of the Old School Square historic area in Delray Beach, Florida; who is involved in Delray Beach city politics; and who was President of her golf league, made up of 120 women.

Ladies and Gentlemen, it is my pleasure to welcome a woman who never stops giving back, Mitzi Kaitz.
