

## Tiran Attia Introduction

Ladies and Gentlemen,

Now it's my privilege to introduce a man who has devoted his life to serving Israel...

He is a decorated IDF colonel, whose 28 years in the army included commanding both a tank and the training program for the IDF's Technology and Logistics Forces ...

He is a patriot who loves his country with all his heart, who spent the last ten years of his IDF service as Commander of the Sar-El program for army volunteers, where he led a group of soldiers from over 30 countries worldwide to strengthen Israel...

And he is a passionate advocate for people with disabilities, who focuses on the ability, not the disability, of each individual person who takes part in the Special in Uniform program. By ensuring that they can become independent and integrated into Israel society, he advances Jewish National Fund's life-changing work to ensure that no member of Israeli society is left behind.

Ladies and Gentlemen, please welcome the director of Special in Uniform, and a valued partner of JNF, Lieutenant Colonel Tiran Attia.
