What is Jewish National Fund?

Unparalleled in the Jewish philanthropic world, Jewish National Fund-USA's strategic vision is to build and connect to the land of Israel. Since 1901, Jewish National Fund's driving focus has been to ensure a strong, secure, and prosperous homeland for the Jewish people in the land of Israel.

Everything we do—every project, initiative, and campaign we take on—connects to our vision. We don't just plant trees. We don't just build houses. We don't just source water solutions. We don't just buy fire trucks. We don't just provide therapeutic assistance. We don't just boost tourism, support Aliyah, build medical centers, fund agricultural or culinary research, or run an American semester abroad High School in Israel. We do all of these things because each project, each program, each partnership is consistent with our strategic vision—population growth in the north and south, connecting with the next generation, developing infrastructure, ecology, special needs, heritage preservation, and more, all for the land of Israel.

We are unique, we are strategic, we have been the caretakers of the land and people of Israel from the beginning. Join us.
