What is JNF?

Jewish National Fund gives all generations of Jews a unique voice in building a prosperous future for the land of Israel and its people.

JEWISH NATIONAL FUND is a registered 501 (c)(3) nonprofit organization and United Nations NGO (non-governmental organization) and gives all generations of Jews a unique voice in building a prosperous future for the land of Israel and its people. JNF is on the ground today and every day improving the quality of life for every Israeli, and our organization continues to receive four-star ratings (out of four) from Charity Navigator for demonstrating strong financial health and commitment to accountability and transparency. Our organization also has the largest database with over 2.5 million households.

When you give to JNF, 86 cents of your dollar goes to our partner programs. Your donations also help sustain JNF's projects in Israel, which include: Forestry and green innovations, water solutions, community building, disabilities and special needs, Zionist education and advocacy, research and development, and heritage sites. In addition, your contribution will also go toward our One Billion Dollar Roadmap for the Next Decade campaign, which will allow us to channel JNF's values for groundbreaking (literally, in many cases) new ventures.
