ALABAMA

Jewish Federation of Central Alabama - Scholarships

The Jewish Federation of Central Alabama makes Israel Program grants available to local Jewish families and youth. It is the intent of the JFCA to encourage Jewish persons (high school youth, college students and young adults) to visit and engage with Israel. By doing so, we hope that the numbers of those who have the opportunity to go to Israel will increase. It is also the intent of JFCA to build and sustain strong commitment to Judaism among our youth, who will be our leaders of tomorrow.

Jewish Federation of Greater Los Angeles - Israel Grants

Formerly known as Israel Connections/Experiences (ICE), the Sandra & Lawrence Post Israel Grants Program of Jewish Federation Los Angeles provides grants to local high school and college students visiting Israel for the first time on peer-educational trips primarily ranging from 2-6 weeks. This includes the annual March of the Living trip which takes high school students and Holocaust survivors on an unforgettable journey to Poland and Israel. We provide grants of \$500 per student, who also may receive grants from their synagogues and other communal organizations. We recognize that this assistance may still put the trips out of reach for many families, so our Federation also connects the students to need-based financial aid.

Jewish Federation of Greater Portland - Israel Experience Grants

The Jewish Federation of Greater Portland recognizes the power of teen travel to Israel. For youth already connected to our local Jewish community and those just beginning a connection and everyone in between, a formal Israel experience creates memories and impressions that last a lifetime. In recognition of the importance of our teens having a transformative Israel experience, Jewish Federation is helping to offset the cost of teen Israel travel, making it just a little easier to have this experience.
