*(Words and music by Steve VanZandt)*

## VERSE 1

E                            A7  
Is this waste? Well I don't know;

One thing dies to let another grow.  
E                            A7  
This circle we see almost every day;  
E                            D            E  
The name we call it is..... decay.

## CHORUS:

G    D  
Well come on all you people, gather 'round;  
G                            D  
Get down and listen.....  
E                            A7   E    A7.....  
To decomposition:

GROUP 1: Muncha, muncha, muncha....

GROUP 2: Decomposition, Decomposition, Decomposition....

GROUP 3: I get down, I break down, I get...

## VERSE 2

There are many kinds of bugs;  
Worms and snails and slimy slugs.  
They are useful for me and you;  
They help to make the soil.... Renew.

## (CHORUS)

## VERSE 3

Decomposition it deserves more fame;  
A tree drops its leaves, but they don't stay the same.  
A bug chews them up and spits them back out;  
Making the soil for a new tree..... to sprout
