

CELEBRATE TU BISHVAT ON JANUARY 31 WITH JNF BY PLANTING TREES IN ISRAEL

JNF believes in the power of soil, seeds and courage. As an innovator in ecological development and a pioneer in forest creation and fire prevention, JNF has planted more than 250 million trees all over Israel, providing luscious belts of green covering more than 250,000 acres, and protects these areas by battling approximately 1,000 forest fires every year. JNF's parks and forests are enjoyed by millions of people each weekend and holiday. Through agricultural infrastructure development, research, and soil conservation, JNF has been able to create and extend the presence of fertile land where there was once endless desert.
