

Celebrate Tu Bishvat on January 21 with JNF by Planting Trees In Israel

Jewish National Fund believes in the power of connecting to the soil, planting the seeds of life, and greening the land. As an innovator in ecological development and a pioneer in forest creation JNF has planted more than 260 million trees all over Israel, providing lush belts of green covering more than 250,000 acres. Our parks and forests are enjoyed by many millions of people each weekend and holiday. Through agricultural infrastructure development, research, and soil conservation, JNF has created and extended the presence of fertile land where there was once only endless desert.

TuBiShvat, the new year for the trees, is **January 21, 2019**.

When you plant a tree from January 11 – January 21, you will automatically be entered in our Tu BiShvat Sweepstakes for a chance to win a trip to Israel and other fabulous prizes. Visit jnf.org/tbssweepstakes or call 800.542.TREE for more information.
